

Crystal tci TF26SMD

- Feature**
- . High stability
 - . High Vibration and shock resistance
 - . Low cost
 - . Automatic and perfect packing due to emboss taping

Specifications

Frequency	32.768KHZ, or specify
Frequency Tolerance	$\pm 10\text{PPM} \sim \pm 100\text{PPM}$
Operating Temperature Range	-20 ~ +70 ,or specify
Load Capacitance	12.5pF, or specify
Drive Level	1 μ W
Resonance Resistance	30-100K ohm
Shunt Capacitance	< 1.8pF

Marking and Dimensions(mm)
